AUTUMN 2024

AT BAHRAIN INTERNATIONAL CIRCUIT

WINFIELD RACING SCHOOL HISTORY

A HERITAGE.

Iconic and historic. Since 1964, we have trained over 30 F1 drivers, including world champions Alain Prost (4 titles) and Damon Hill (1 title), as well as numerous winners in motorsport.

A PASSION.

The passion for racing. We leverage our expertise and experience in motorsport to detect drivers' talents and support them to focus on their ultimate goal. Additionally, we share this passion through exclusive and tailor-made single-seater driving experiences, spanning from F4 to F1, for both individuals and corporations.

A VISION.

To detect tomorrow's champions. Just like the two latest winners of our Trophée Winfield, Théo Pourchaire and Isack Hadjar, who currently compete in Formula 2 and Indycar, or drivers like Doriane Pin, participating in the F1 Academy, organised by the Formula One Group.

Alain PROST

1975 Volant Elf-Winfield winner
4-time F1 World Champion

More than 30,000 pupils

from mid-1960s to now

Théo POURCHAIRE

2018 Trophée Winfield winner
2023 FIA F2 Champion

From 15 to 22 years old
Girls and boys

From all around
the world

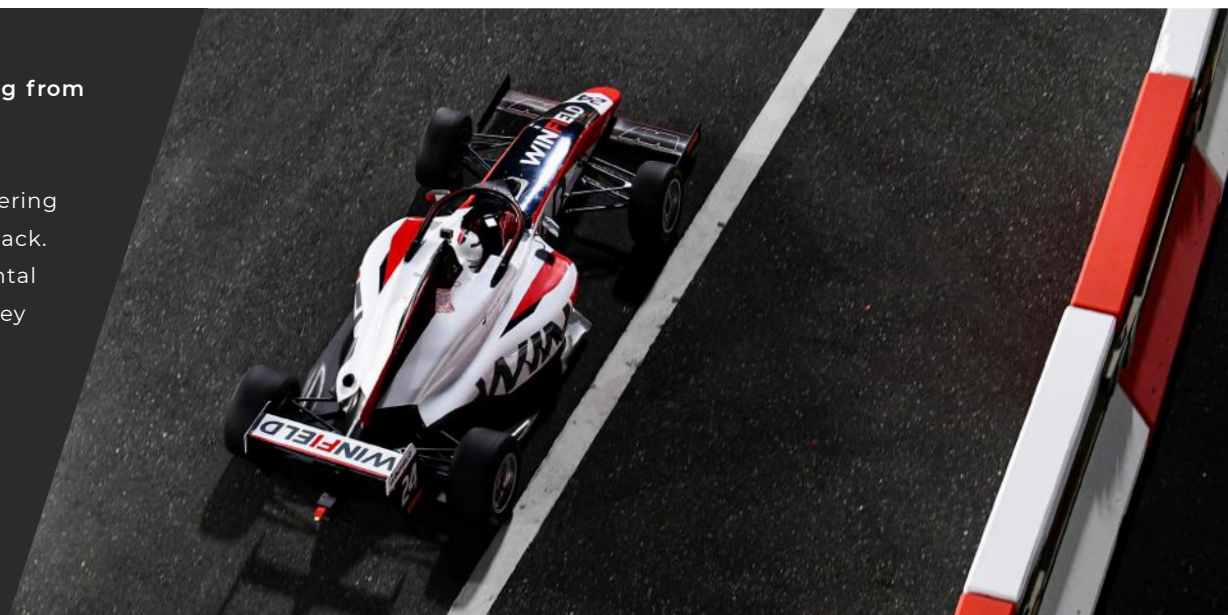

No single-seater
experience required

The F4 Training Camp is the perfect starting point for young drivers moving from karting or sim racing to car racing. This programme offers two stages.

STAGE 1 is designed to give a first taste of the Formula 4 environment, covering all the different aspects of becoming a racing driver, both on and off the track. From driving sessions, engaging workshops such as physical assessments, mental preparation, simulator, data/video debriefing, drivers embark on a tailored journey to prepare them for upcoming F4 Championships worldwide.

For those seeking to take their skills to the next level, **STAGE 2** offers a more intensive focus on track performance, with specialized coaching aimed at refining driving techniques and optimizing lap times. This stage builds on the skills learned in **STAGE 1**, ensuring drivers are fully prepared for competitive racing.

PROGRAMME OVERVIEW
